### **JOB POSTING (Full-time)**

### **ENVIRONMENTAL SCIENTIST**

GeoTek Engineering & Testing Services, Inc. is seeking to fill a full-time Environmental Scientist position. We have been in business for 37 years and specialize in Geotechnical Engineering, Construction Materials Testing, and Environmental/Industrial Hygiene Consulting. For more information, visit our website at [www.geotekeng.com](http://www.geotekeng.com).

This is a full-time entry or staff level position. The successful candidate will operate independently and develop into an environmental project manager role. This position will include both office and field work, with some field work requiring overnight stays.

#### **Responsibilities**

- Perform air and bulk sample collection, and conduct building related observations.
- Perform microscopy of air and bulk sample collections.
- Use handheld indoor air quality instruments.
- Respond to customer inquiries and requests for services.
- Conduct Phase I Environmental Site Assessments.
- Support Project Managers with site assessment and clean-up projects, including report preparation.

#### **Minimum Requirements**

- Degree in biology, microbiology or science is required.
- Strong problem-solving skills, math skills, attention to detail, and verbal and written communication skills are essential.
- Have knowledge of construction or mechanical systems, or ability to learn.
- Regularly lift and/or move up to 35 pounds and occasionally lift and/or move up to 50 pounds.
- Ability to perform duties in outside weather conditions including cold and heat/humidity.
- Current valid driver's license.
- Motivated and willing to learn and be challenged.

#### **Benefits:**

- Competitive hourly wage with opportunities for overtime.
- Full benefits include health, dental and disability insurance, a 401K plan with company match, holidays and sick/vacation time.
